REPRESENTATION ON DAIRY HONOR ROLL MEANS SOMETHING

Mason County Should Be Proud of Her Representation on the State Dairy Honor Roll.

There are few people who stop to consider what the "Honor Roll" of Kentucky cows means. In a general way they read what is published about the testing work, just as they read about the divorce cases and the murders, the bootleggers and the candidates for office. Yet every "Honor Roll" contains the names of men who are doing things to make Kentucky a better and more prosperous state. There are those who refuse to "sell a cow" because they don't like the work. There are others who realize that it is a privilege to own so efficient a machine as a good cow, and who are duly appreciative of the benefits which accrue to the owner. You will almost invariably find that the man who has tried out the dairy cow fairly, and who has the right kind of cows, is raising very little tobacco. Numerous instances may be cited in Mason county where men have eliminated tobacco from their farming system and have taken up the production of dairy products, after trying out both at the same time. If tobacco is raised on one of these farms referred to, you will find that it is cared for by a tenant, and the owner loses the use of but a few acres, and that a low price or poor quality really hits the tenant and not the owner.

Mason county has a number of cows on the May "Honor Roll." The men who own these cows are planning to have more quality. The one time rivalry between the Holstein and Jersey breeders has become a healthy competition, which will stimulate the dairy industry. Proper care of milk and cream, and of efficient feeding for maximum production are the two essentials for success if a man has good cows.

CONVICT DRIVES OFF WITH PRISON'S AUTO

"It Was a Borrowed Car, Too," Is Warden's Lament on Trusty's Flight Tuesday.

Frankfort, Ky., June 29. — Appel Young, 30 years old, reformatory trusty, Tuesday drove the prison flyer to the Capitol grounds to take dinner to convicts working there.

Then he went to a garage, loaded up the car with gasoline and old and drove off—but not in the direction of the reformatory.

"The car was a borrowed one, too," said Henry Bastin, Reformatory Superintendent. "Our car is being repaired."

Young, who was sentenced three years ago from Lexington, was formerly a semi-professional baseball player. He was spiked in the knee and had been a cripple since. He would have been eligible to parole within a few months. His father lives in this county and has a wife, who is believed to live at Louisville.

Young had been a trusty for several months. It was not though he would try to escape owing to his crippled leg.

BOY IS HANGED IN AN ACCIDENT AT CRESCENT SPRINGS

While Coasting Lad Is Caught by Rope Hanging From Clothes Line And Dies.

Snubbed around the neck by a piece of rope with a short length of chain attached and suspended from a clothes line in the back yard of his home, Walter Wheeler, six year old son of Harry Wheeler, Crescent Springs, Ky., was accidentally hanged and choked to death Tuesday afternoon. Durlag, the boy's frantic, but noiseless struggles, his mother was calmly going about her work in the kitchen scarcely fifty feet away unaware of the tragedy being enacted.

The boy had been coasting down a slight grade in the yard and was practicing standing up in his coaster as it rolled down the little incline. Then he would leap out at the bottom of the hill and pull his coaster back to the top.

Stretched across the yard was a clothes line with a rug suspended. Not far from the rug and dangling down from the line itself was an stout rope with seven or eight links of steel chain attached to its lower end. On the trip down the hill, which was to prove his last ride, Walter coasted under the clothes line so that he brushed into the rug violently, meaning, no doubt, to have the thrill of whisking by beneath it.

Jerked by the sudden tension on the clothes line, the suspended piece of rope licked out like the cracker of a whip and wrapped itself tightly around the boy's neck. The free end made several turns around his throat and bound securely there, jerking him instantly from the wagon. The latter continued to the bottom of the hill and stopped. The boy's feet were suspended a few inches above the ground, but the distance was enough.

In vain he struggled to release himself or to cry out. The chain about his throat cut off the power of speech and stopped his breath like a gripping hand. A few minutes later, the boy's mother, wondering that she did not hear her son playing any longer walked out in the yard and found him dangling in the fatal noose. She hastened to take him down, but her efforts at reviving him were of no avail.

CAMP DIRECTORS

MEET ON MONDAY.

The Board of Directors of the Ruggles Campmeeting Association will hold its regular meeting next Monday on the campgrounds. The Fourth of July really ushers in the camping season for Ruggles campers. By action of the board those who have cottages or room same can occupy their cottages any time during the months of July and August. Never has there been such a demand for cottages and rooms. Even with the new ten-room building there is but one or two places left. The Board is always beset by scores of would-be campers on the Fourth for cottages. To all such it should be said, see John Brodt early. Then the letting of the privileges will create much interest. There will be more bidders this year than for a long time. The day promises to be a big one. With the fine program of the Old Settlers, the approaching primary which is creating such interest in all counties, and the campmeeting business. It will be a lively Fourth.

DR. BUNTON'S NEW CHURCH TO BE DEDICATED.

Members of the Third Street Methodist church are in receipt of a handsomely printed invitation to the dedication of the new Grace M. E. Church, Dayton, Ohio, next Sunday, July 3rd. This is the church that has been built through the efforts of Rev. G. W. Bunton, D. D., widely known in Maysville as one of the most popular pastors the Third Street church ever had. The new Grace church is one of the finest in Methodism, being complete in every respect, and thoroughly modern. The church cost several hundred thousand dollars and will be a great asset to Methodism in that thriving city. Dr. Bunton's numerous friends will extend congratulations on the success of this great enterprise and wish for him the greatest success with his new church.

HIGHWAY ROBBERY TRIAL IS SET FOR SATURDAY.

Chief of Police Harry A. Ort returned from Huntington, W. Va., on Tuesday afternoon having in charge Hank Blankenship, who is charged with highway robbery, it being alleged that Blankenship jerked a handkerchief containing \$190 from the hand of a Mrs. Williams at East Second and Taylor streets on last Thursday. The young man returned to Maysville without regulation and will be given an examining trial Saturday afternoon before Police Judge John L. Whitaker. Mrs. Williams will be here Saturday to testify in the case.

ALLEGED MOONSHINER CAPTURED IN FLEMING

Vigilant Fleming County Officers Locate More Still and Make One Arrest.

The Fleming Gazette says: Deputy Sheriff Hiram Jackson and Deputy Saunders landed Herb Stacey, alleged moonshiner, in jail here last night, having captured him at a still near his home on East Fork near the Lewis county line. When captured he and two other men were engaged in operating the still, which was taken by the officers together with five barrels of mash. The two other men escaped after being fired on by the officers, one leaving his hat behind.

About three miles from the place a second moonshine outfit was found with five barrels of mash but the still was missing. It is a practice of the shiners now, it seems, to move the still frequently to avoid having it stolen by other shiners. About all Stacy has to say is that he happened near the place and the other two men put him to work. He says he does not know who they were. The mash was destroyed and the still which is made of copper was brought here by Messrs. Jackson and Saunders. As the officers were returning they were congratulated and pledged support by a number of the good people at Muses who are opposing the moonshine traffic.

DRINKS WILL BE MIXED.

The Mint Coins of Maysville play the Cocoa-Colas of Maysville Saturday afternoon at League Park. Game will be called at 2:30 o'clock.

The Mint Cola team has been combined with the Parley Regulars and the best players from the two teams are now going under the name of Mint Colas. They have a bunch of promising young ball players as was demonstrated last Sunday when Germantown defeated them by a score of only 3 to 1. A good game is assured and the local fans should come out and lend encouragement to these youngsters.

ODD FELLOWS ELECT.

At the regular weekly meeting of DeKalb Lodge, No. 12, I. O. O. F., held Tuesday night the following officers were elected for the ensuing term. Noble Grand—John T. Parker. Vice Grand—Wm. R. Smith. Secretary—John W. Thompson. Treasurer—A. D. Cole. Ringgold Lodge of Odd Fellows will elect at their regular weekly meeting to be held at Odd Fellows' Temple Wednesday evening.

CITY ENGINEER RUNNING LINES AT WAREHOUSE.

Mr. W. L. Glazier, of Newport, Maysville City Engineer, is here today at the request of City Council establishing the street lines at East Second and Bank street in an effort to straighten out the lines of the new building of the Peoples Warehouse Company which is said to be on the street. Because of the complicated condition of the city lines at this place, it is likely to require several days to unravel the tangle.

LEGION TO ELECT ON FOURTH OF JULY.

Leslie H. Arthur Post American Legion will hold the regular annual election of officers at the Legion home in Sutton street at 1 o'clock Monday afternoon, July 4th. All members are expected to attend. 27 June 21 HENRY E. POGUE, Adjutant.

VAUDEVILLE OF BEST HOME TALENT TO BE FEATURE OF PICNIC

Unusually Attractive Program Is Arranged by Committee in Charge of Knights of Columbus Picnic Here Thursday.

One of the outstanding features of the big Knights of Columbus picnic to be given at Beechwood Park Thursday will be a number of vaudeville stunts by some of Maysville's best home talent. From the various home talent shows of the year, the committee has selected some of the best talent and these home people have been working hard for the past two weeks arranging a vaudeville program far above the ordinary.

Reports to the ticket committee are very encouraging and the men are expecting a record breaking crowd at the park all day. More especially in the afternoon and evening are they expecting a great attendance.

The hall in the evening is going to be the blaze of glory in which the big picnic will come to a close. The best music obtainable has been contracted for and nothing will be spared to make the dance one of the season's most brilliant and enjoyable.

MORE FUN THAN A CIRCUS.

Oh, Boy! Ain't we got fun! You'll say we have, if you attend Col. Russell's big celebration at Beechwood Park, July 4th, for the benefit of our Maysville Boys' Bands. It's going to be the biggest affair that has happened in Maysville in many summers. Factories and shops will close for the day; business in general will be suspended; farmers and their help will throw their cares to the winds and drive many miles to Maysville; automobiles and trains will be loaded to the guards. It's going to be a hum-dinger of a day and more fun than a circus is promised everyone. Entertaining features that will please the old and young alike; concerts both afternoon and evening by the Cardinal and Horseshoe Bands; contests and vaudeville; glorious fireworks display at night; novelties of all kinds for the kids; dancing at the pavilion with music by the Hubbard-Haucke Sextet and many other attractions. Col. J. Barbour Russell, the hustling promoter says: "It's going to be Maysville's biggest celebration."

Mothers, don't forget the time, 3:30 Bring the babies to the Baby Contest. Five dollars in gold. K. of C. picnic Thursday at Beechwood Park.

CANDIDATES TO DRAW FOR POSITIONS TODAY

Attorney General Declares Expense Accounts Must Be Filed Before Primary By All Candidates.

Frankfort, Ky., June 29. — With 289 candidates for state offices, 147 Republicans and 142 Democrats having recorded their intention to run for nominations for state offices at the August primary, Secretary of State Fred A. Vaughan Tuesday prepared for the drawing of places on the ballot to be held in his office here this afternoon at 2 o'clock. Filing of notices for candidates whose districts embrace more than one county was concluded yesterday.

Simultaneously with the preparations for the drawings, Attorney General Charles F. Dawson today notified the secretary of state that candidates without opposition could not, under the law, be granted certificates of nomination until they had filed their expense accounts. The accounts, he said, must be filed between ten and fifteen days before the primary.

MAYSVILLE PICTURES

ARE VERY GOOD.

The Maysville pictures shown Tuesday evening at the Washington were probably the best local pictures ever shown here. The children could be easily recognized and the large auditorium was filled with the kiddies and their parents. The pictures will be shown again soon for those who were unable to attend Tuesday evening.

MURDER TRIAL IS BROUGHT TO AN END AT LEXINGTON

Breathitt County Man, Slayer of Son-in-Law, Is Found To Be Of Unsound Mind.

The trial of O. H. "Hops" Davis, Breathitt county man, charged with the murder of Ned Tharp, his son-in-law, came to an abrupt end in circuit court at Lexington Tuesday morning when he was declared to be of unsound mind and was ordered by Judge R. C. Stoll taken to the Eastern State Hospital.

Possibility that Davis might be insane came when Dr. Willig Bach, of Jackson, a witness for the defendant, was on the stand. Judge Stoll stated that he was of the opinion that there were reasonable grounds for believing that the defendant was insane and ordered a jury panelled to pass on Davis' mental condition.

The jury trying the case, however, was kept together that the trial might have proceeded should it have been found that Davis was sane. Dr. George P. Sprague and Dr. Frank H. Clarke were appointed to examine Davis and they reported that they were of the opinion that he was of unsound mind.

A verdict was returned by the jury declaring that Davis was of "unsound mind at this time." The verdict was signed by W. R. Nelson, foreman.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are got for the good of the county as a whole.

THE SALESMEN KNOW.

No set of men visiting Maysville in a business way are better acquainted with business conditions in this country than the traveling salesmen, that vast army of fellows we once referred to as "drummers." When there are a lot of them on the road, business is flourishing; when they're scarce, business is bad. They form a good barometer of business conditions at all seasons of the year.

In conversation with one yesterday he emphatically declared that increased buying is in order, particularly in the South and West. Merchants who believed commodity prices would make still greater drops, he says, have apparently come to realize their mistake, and they've again started to stock up. Where traveling men have for many months been unnecessary, and where buying has been so limited the merchants ordered what they wanted by mail, the knights of the grip are finding a revival that is encouraging.

Failure and refusal of merchants to stock up was largely responsible for stagnation of manufacture. That is changing now, and industries in every section of the country have commenced to take back their men. The big industrial cities report a brighter employment outlook, and the labor situation is fast becoming satisfactorily adjusted. There will be some few belated adjustments, of course, and some few additional changes in the price of commodities. But these will come gradually. The traveling salesmen will be back on the road in their usual numbers, and confidence in every branch of trade will again be so firmly established we'll quickly forget the dark days through which we passed.

VACATIONS.

For a vacation, the sensible city man goes to the country. The sensible country man goes to the city. The mountaineer goes to the plain, and the plainsman goes to the mountains or forests. The landsman, if he has a love for water, fresh or salt, and water is accessible, indulges that taste. The seaman takes his recreation on land. The wisecracker amonger hunts a solitude. The dweller in lonely places seeks society.

Contrast is the thing, and the quest of new interests. The body, possibly needs rest, but mere physical rest can be had almost anywhere. The big thing is mental and spiritual change, the shock of new scenes and new people and new customs. And for the best results, perhaps it is well not to go to the same place with the same people year after year, however different the place and its spirit may be from home. Such a method of vacationing may be charming, and it certainly saves trouble, but it means another rut and an increasing lack of stimulus and change needed.

This is a big, varied world, full of such a number of interesting and stimulating things that nobody can ever exhaust them; and the more of them a person comes in contact with, the more he grows. Vacation is the only time when most people have a chance at this romantic and wholesome quest of novelty.

SPECIFY

Let the editors who are crying for more and yet more reductions in Federal expenditures submit a bill of particulars. There is altogether too much generalization along that line. The total appropriations for the fiscal year runs into the billions, and thoughtless persons hold up their hands in horror and talk about the "orgies of extravagance" in which they claim Congress and the administration are indulging.

There are no men in the country more devoted to economy than the men engaged in framing the national appropriation bills at Washington. One of the forces that brought about their election was the public demand for economy, and they are striving in every possible way to effect that result. Every item is scrutinized to the last dollar, and only those are approved that are essential to the proper functioning of the Government. Let those who think otherwise point out a single Federal enterprise that could be abandoned without injury to the service.

Evidently what a good many of the women in our larger cities meant by "equal rights" was the privilege of wearing socks.

TURK IS POLITE IN WICKEDEST CITY.

Constantinople.—The contrast between the manners of the Turk and the people of the western nations, who mingle on the streets of this ancient capital is striking. Courtesy to a stranger is a quality still preserved from the ruins of the Ottoman Empire. "Courtesy is about all we have left and we still try to hold on to that," said Abdul Medjid Effendi, heir presumptive to the throne, who is himself a model of quiet kindness and distinguished manners.

The official and wealthy Turk retains still a certain grand manner which would have belonged to another age in western Europe or the United States. He carries himself with dignity, though not with modesty. Deep is the contrast between him and the soldiers and civilians of some of the Allied nations brought here by the Allied occupation of Constantinople or seeking trade or adventure.

These tramp up and down the streets, sometimes sober, sometimes drunk, depending on the time of night, elbowing, fighting, swearing, brawling as it suits their humor. Stambul, the Turkish quarter, becomes a sedate place at nightfall; while Pera, the European quarter

drops its daylight garb of trooping throngs and reckless drivers and becomes a city of immense capacity for evil. Gambling dens, cafes and dance halls are open.

RAILROAD WAGE CUT IS EXTENDED.

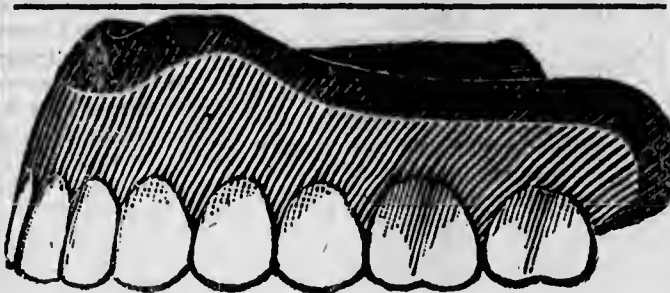

Chicago, June 27.—The United States Railroad Labor Board today extended its wage reduction order, effective July 1, to nearly every large railroad in the country. No change from the average 12 per cent. reduction granted 104 carriers on June 1 was made by today's decision. The board's order today covered 210 roads. The decision makes a reality of the estimated \$400,000,000 annual savings.

New York. — Fame extends even to socks. In a downtown sporting goods store's window is a pair of perfectly white woolens with this sign on them: "The Socks Tilden Wore When He Won the World's Championship."

—NY—
There's a treat ahead of patrons of the New York Public Library; at least for such of them as appreciate intimate associations with greatness. For the collection of books which belonged to the late James G. Humecker was left by him for the public's use and will soon be at their disposal. The pungent joy to the reader will be personal annotations made all through the book. Such notes as "Twaddle," "Rot," "More twaddle" are written in the margins in a nervous, angular handwriting. Sometimes he is more diffuse. On the title page of a German work on Arnold Schoenberg, the ultra-modern composer, Humecker has written, "If you will not prickly musical ears you must not be surprised if colic is the result." The library is a large and inclusive one. All European literature is more or less represented, but Zola, Flaubert and Baudelaire seems to have been the music critic's favorites.

Just when Ziegfeld has closed his "Frolics," declaring that New York's late-hour-gaiety is dead forever, the "all-colored" show, "Shuffle Along," has found 11:30 p. m. such a popular hour for a performance that it has discontinued its Wednesday matinees in favor of the midnight hour. In spite of doubts of a good many experienced theatrical predictors, this "musical melange" at the Sixty-third street Music Hall has achieved success. It is reminiscent of the old Williams and Walker shows of 20 years ago, and quite evidently the public still likes them.

At last we know what the covert charge is all about. People have grumbled quietly about that dollar or so at the cabaret restaurants; but hearing well-trained Americans, they never asked why. Now Dorothy Dixon Hyson and Carl Hyson have made it clear in their suit against a Broadway restaurant. The entertainers, it seems, get 50 per cent. of that covert, and they stipulate how much the public is to be charged for it. In this particular place, the \$1 and \$2 covert charges amounted in one month according to the Hysons, to \$12,786. The public paid that amount for the privilege of buying food in the cafe, and of course, for seeing the dancing.

Is it because cemeteries are peaceful that they attract some people? Or is it just because they have green grass and trees? Personally, they never enticed me much; but uptown, in a big cemetery connected with Trinity church, dozens of young matrons foregather with their babies and their sewing and have just as nice afternoons as you could imagine.

—NY—
The highest death rate in New York City is undoubtedly among the hotel canary birds. There has been a suddenly increased demand for songsters on the part of hotels during the past few seasons, and they have become to be as much a necessity in the hotel tea rooms as a jazz band on Broadway.

diet, and it seems to be the accepted thing around here to show your appreciation of any living creature by feeding it. One hotel manager has actually been driven to putting up signs reading, "Don't feed the birds." "I can't put the cages too high," he explained. "because then the women explain that they can't see the pretty canaries. And if they're within reach, they are fed all sorts of junk, peanuts and candy, as well as lettuce from the dining room. Te lettuce is harmless but mayonnaise dressing wasn't meant for canaries. LUCY JEANNE PRICE.

Civilization's Greatest Achievement

Some Eskimos were brought down to Edmonton, Alberta, on official business.

They had never before been south of the Arctic Circle.

They had never seen a street, a town, a window, or a wooden door. A bed, a water tap, and an electric light produced completely new sensations. Street cars were unknown to them; telephones unheard of; trains not to be believed even when beheld.

They had never seen an automobile until someone took them riding in one. They had never set their eyes on an airplane until someone did his most daring stunts in one to thrill them. They had never even seen a movie!

But what do you suppose moved them most in the whole bag of tricks which civilization produced for their amusement and amazement? What seemed to them the greatest wonder of all?

The cold storage plants!

The White Man didn't always have to hunt and fish when he wanted to eat!

Here was civilization's greatest gift, its greatest benefaction.

This feature of civilization makes it possible for Swift & Company, in the season of over production, to store a supply of food for distribution in the season of scant, or non-production. Thus we are able to maintain for all a constant supply of such choice and necessary foods as Premium Milk-fed Chickens, Brookfield Butter and Brookfield Eggs.

WASHINGTON LETTER

Washington, D. C. — "The Democrats of the Senate took great delight the other day in upbraiding the Republican administration for what they contended was its failure to carry out the policies of the Republican platform," says the Republican Publicity Association. "Carefully collecting a list of everything that has not been accomplished in the 100 days the Republican administration has been in control of the government, and omitting all reference to what has been done, the alleged shortcomings of the party in power were made to appear very serious. Stress was laid on the charge that the Republicans have failed to do anything for the wounded soldiers. 'The arrogance of laying claim to doing something toward bettering the conditions of the disabled soldiers of the country' exclaimed a violent Democrat from Mississippi.

"Just to remind the people what the Republicans have accomplished along the lines of soldier relief alone, a few of the more prominent benefits are here-with enumerated:

"Appropriated \$18,600,000 for the construction of new fireproof modern hospitals to take the place of the insanitary, one-story paper-board fire-traps in which thousands of helpless veterans were housed by the Democrats.

"Authorized the utilization by the Public Health Service for hospital purposes scores of army buildings throughout the country not needed for military use.

"Uncovered the most revolting conditions prevailing in the so-called 'contract' hospitals established by the Democrats, and in special tuberculosis hospitals, that led to immediate improvement at those institutions.

"Appointed the Dawes soldier relief commission, that in two days surveyed the whole soldier relief situation and submitted a plan of reform that has been incorporated in the veterans bill just passed by the House, combining under one head all soldier relief bureaus.

"Put a man at the head of the War Risk Insurance Bureau who, in one month, took 10,000 pending cases and adjudicated them, thus bringing the work of the bureau up to date, a condition never reached in all its history under Democratic control.

"Framed a soldier bonus bill that will be introduced in Congress considered in the very near future.

"This is only part of the Republican record on soldier relief. It not only sheds glory on the present administration, but shows up strongly the miserable treatment meted out to the veterans under Democratic officials. Little wonder that the Democrats make no specific allusions to what they failed to do and what the Republicans have done. They content themselves with hurling invectives at their political opponents. The country will hear more of them as the weeks pass, but they are merely the despairing wails of a defeated and discredited party."

HISTORIC TOWN TO BE REBUILT AS MEMORIAL

Washington. — Belleau, the little French village on the edge of the foothills of Belleau Wood, is to be rebuilt by Americans as a memorial to the American dead in that historic battle.

There were only about eighty-five houses in the little place and they were destroyed in the fierce fighting which ranged from Chateau Thierry along the Marne when the American troops turned the tide of the last German drive in the summer of 1918.

Near the village, on a hillside, white crosses mark the graves of the heroes, who fell in that battle, and as a lasting memorial to them, the American committee, which includes many notables, is setting out to rebuild the place. The name of every American, who joins in the project will be inscribed in a book to be deposited in the city hall in the new village of Belleau by the Belleau Wood Memorial association of which Mrs. James Carroll Fraser is chairman.

President Harding, General Pershing, Secretary Weeks and various others have endorsed and supported the movement. The late Chief Justice White endorsed it before he died.

The numbers of American soldiers buried in the Belleau Wood cemetery, by states, follows:

Alabama, 28; Arizona, 3; Arkansas, 13; California, 53; Connecticut, 59; Colorado, 18; Delaware, 4; District of Columbia, 4; Florida, 3; Georgia, 31; Idaho, 17; Illinois, 134; Indiana, 54;

EXECUTIVE CLEMENCY GRANTED LATONIA MEN.

Announcement was made Tuesday that President Harding had granted executive clemency to C. B. Schoberg, Henry Kruse and Henry Feltman, of

Latonia, Ky., convicted for violating the espionage law. The news was not unexpected in Kenton county, as it was known that strong efforts were made to prevail on the Department of Justice to recommend clemency in the cases. The President stipulates in his order that Henry Feltman, former wholesale tobaccoist, pay a fine of \$10,000 instead of the \$40,000 imposed by Judge Cochran when sentence was passed in the United States court in Covington.

TO EXTEND MANITOBA VARSITY.

Winnipeg, Man. — A new building for the medical branch of the University of Manitoba, Winnipeg, is to be erected this summer, costing approximately \$250,000 and will meet conditions laid down by Rockefeller Foundation for its gift of \$500,000.

ILLICIT BOOZE 'KICK'

KILLS SEVERAL COWS.

Hot Springs, Ark., June 29. — Wild antics of milk cows on their way home from pasture and the subsequent death of several of them led dairymen near here to start an investigation which disclosed that they had been eating mash from which moonshine whiskey was made.

An analysis of the mash showed concentrated lye had been mixed with the grain, apparently to hasten fermentation. The added "kick" proved fatal to some of the cows. A farmer located of the still was found but it had recently been moved.

HOUSE POSSE FIRED.

Frankfort, Ky., June 29. — John R. Falls, whose grocery and residence were burned when a posse fired into it after he had shot four policemen and was supposed to be barricaded in his home, filed suit in the Franklin Circuit Court Tuesday afternoon against the Rhode Island Insurance Company for \$1,600 insurance he alleged he carried on his building and contents.

Word was received from Cincinnati today by the family of Policeman C. E. Noonan, one of the men shot by Falls, that he probably will lose the sight of one eye, injured by one of the shots from Falls' shotgun.

Noonan is in the hands of a specialist. It is feared that eventually he may become blind.

THE "HEAL-ALL" OF THE INDIANS

There is an herb which grows wild on our Western Plains known as "Manzanita" and to which the Indians attribute wonderful curative and healing virtue.

There is no question but that nature has bountifully provided in the roots and herbs of the field a remedy for many of the ills to which human flesh is heir. This is demonstrated by the wonderful success of that root and herb medicine, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women of America from some of the worst pains of female ills. It will certainly pay any woman who so suffers to try it.

\$5,000 REWARD LOST.

E. D. Beatty and R. V. Kelly, post-office inspectors of Cincinnati district, have captured a man at Toledo who is charged with participating in robbery of the Mayon (N. J.) postoffice of \$100,000 recently. Although a reward of \$5,000 was offered for the man's arrest, Beatty and Kelly will not get the money because they are postal employees and capturing robbers is their business. J. W. Thompson, acting inspector in charge, said Wednesday.

PROSECUTING WITNESS

NOT YET LOCATED.

Mr. Green, traveling salesman who claims his automobile was stolen from its parking place in front of the St. Charles Hotel and driven over an embankment on the Fleming pike Sunday morning, has not as yet been located. Green's failure to appear to make affidavit will likely gain for those under arrest in the case, their release.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Mrs. W. A. Schatzmann, 605 East Second street, Maysville, gave the following statement November 15, 1916: "From the benefit I have derived from the use of Doan's Kidney Pills I have every reason to recommend them to anyone. Whenever my kidneys have been irregular in action or I have suffered with a weakness or lameness through the small of my back I have used a box or so of Doan's and they have always proven sufficient to cure the complaint quickly."

On November 22, 1920, Mrs. Schatzmann said: "Doan's Kidney Pills certainly do all that is claimed for them. I recommend them again as I did before when I publicly endorsed them in 1916. Doan's have made a lasting cure for me."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Schatzmann had. Foster-Milburn Co., Maysville, N. Y.
